Clay I didn't think that sounded right. And this is good enough for me. I have not discussed it further with anyone, and for me I am not interested in getting to the bottom of it. (the around town was poor choice subject on my part). I would have been happy to meet, and appreciate the offer, but I did not anticipate there would be a need and still believe that to be the case.

Thanks for your response.

Jim.

Jim,

I am out of the state at the current time and have read your e-mail. I am disappointed in the "around town" subject line if that is indeed the case. Whoever your source is, he/she is misinformed and this needs to be corrected. You do not have to explain anything to me Jim about your candidacy - I know your interests are about what is best for our students, our organization and the community.

I am requesting a meeting with you ASAP on Monday. Please contact - I will be at work by 7:00 AM

Thanks,

Clay

Subject: around town.

Clay, it has been relayed to me that you are describing my run (and Lisa's) as only to get two high schools. I presume this is not true; but the source concerned me. I have always been very empathetic with the tough job you have; and I believe you handle it with grace. Just the other night when they were talking about outsourcing the drawing of lines for new elementary, I thought that was a mistake and said so to two of the board members, in part because I thought the administration did a nice job handling the last go around from a communication and planning standpoint, and that deliberate touch and responsiveness that you won't get from a contractor, is what this community needs. The point is, I don't bring animosity, bitterness, parochialism or steadfast subjectivity to any issue. However, if I had not been steadfast on engaging the

6/25/2012

community on this issue, we would still be building a dome over two old buildings instead of generating excitement of what we could be.

I am sure I will not disabuse others of this notion, but my motivations were well thought out and under no circumstances would I delude myself into considering that it would be worth investing my time running for this single issue. I was offended when I have heard Jill suggest so (not to offend - I have skin like a rhino); but somewhat disappointed if you think so. The animosity and parochialism of the current board (a problem that is shared among them) has contributed seriously to the moral of this community, and the teachers!!! It is a serious distraction.

There is a dearth of leadership. For folks that will listen, that is amongst the reasons motivating me to run!

Again, I don't presume its true, but found the possibility disconcerting enough to say so.

With warm regards, Jim.

Hi guys,

I had a Horizon mom who wants to donate a nebulizer (almost new, used briefly by her mother). I already have a nebulizer that the PTO bought for me, so I wanted to see if any other school needs one? If not, would I direct the mom to the Lion's Club to see if they can take it?

Hope everyone is surviving the week!!! :)

Subject: Yard Signs
Tracey,

Just a heads up that my area was hit last night by whom ever thinks it's funny to pull yard signs. Right out of my own front yard even. Anyway, the two you had at the corner of Lyndhurst at the top of the hill at BeaverCreek are both gone. It looked like you still had them in place up and down 86th street though. I've just finished dropping a few of mine in at the 7 that were taken last night so I'm now down 27+.since last Friday night. Frustrating!

Mike

Subject: Health Care

Wells Fargo is having a major shift in our health care plan coming up. Coventry is not going to be an option at all. It's going to cost more out of our pocket one way or the other. Once I know what the cost structure will look like, we need to look to see what it would cost to add the kids to your plan compared to keeping them on mine.

Subject: FW: French III

From a parent, whose husband is running for the school board. This is the 3rd of their children that I've had in class. Chris, mentioned in the last paragraph, was my AP student this year and a freshman at Iowa.

What a great way to start my day!

P.S. I wish Tammy weren't so negative. EVERY class/student has some good qualities!

Subject: French III

Hi-

I'm sorry we were tardy Thursday night then had to scurry off afterwards!

First, I wanted to let know that when you said that the students seemed well-prepared for French III, you may have noticed several parents' jaws dropping in shock. Two years ago, in 8th grade, the students and parents were told frequently how naughty and disrespectful they were. Last year the message was that they were very ill-prepared for French II due to their problems in French I and that they would never catch up. I know the students appreciate and respond better to positive messages, and are already happier with French than they'd been in the past 2 years. Well done! (I'm basing this on Abby and her friends' comments.)

Secondly, I did receive word that you would be happy to have an addition to your yard and that should be coming in the next week. Many have been disappearing, but more so in Johnston than Urbandale.

Finally, I thought you would appreciate this - At the Freshman Welcome activities at Iowa, officials were conducting a 3 day Twitter contest for the best Tweets that would summarize the experience. Naturally Chris jumped in and soon had the staff and a number of fellow students as followers. Yesterday afternoon at the closing ceremony with the 4,500 UI freshman, President Sally Mason presented Chris with an iPad2 as his prize. Already making his mark!

Thanks-
Mary Ellen

Mark,

Let me start by thanking you for your support. It is very much appreciated! I'd also like to thank you for taking the time out of your day on Saturday to attend the forum. It's important that we have the tools available to make informed decisions on the direction and shape that our district will take.

As far as yard signs, I unfortunately was targeted a week ago Friday and was the victim of having approximately 20 of my signs taken from yards around town. While I've replaced the ones taken, that act has totally wiped me out of yard signs.

I'm asking people to help spread the word to friends and neighbors to make sure they mark their calendars to get out on vote on Tuesday September 13th. For those that may travel, please have them contact me and we'll make sure we get them the information necessary to obtain an absentee ballot.

Thank you again for your support!

Hi Joan-

I'll plan on Sunday evening for Encore card tasks! Plus if you need help before then, that'll work too!

I talked briefly to Randy and Sam - sounds like the Tailgate went well! (Abby had a conflict and wasn't even there Friday night.) I'm glad you were able to use the baseball field. Kudos to you to get the other Drum Major families involved! Last year it year just awkward. Or maybe that was me...

We figured the other candidates would have to be getting in gear sometime. If you happen to receive one of their emails, please forward it on - I'm just curious. I'll get something put together and get it to you later today or tomorrow. Feel free to edit.

See you soon-
 Mary Ellen

Sent: Wednesday, August 24, 2011 2:20 PM
To: Joan Sparland
Subject: Dockum for School Board on Sept. 13

Greetings-

The school board election is now less than three weeks away. Every vote matters and it is extremely important that we get as many people as possible to the polls on September 13. Let's make our voices heard loud and clear throughout the district on that day!

For those who don't know me, I have lived in the Johnston school district for the past 22 years with my wife Mary Ellen and our three children, all of whom attended Johnston schools since kindergarten. Kari graduated in 2008 and is currently a senior at Iowa State, Chris graduated last year and is a freshman at the University of Iowa and Abby is a sophomore at the high school. I am a graduate of Hoover High School and Drake University with a degree in accounting and an MBA, and I am currently Vice President at West Bank, responsible for budgeting, financial analysis and long-term strategic planning. I have been actively involved in many school organizations and activities over the years, including serving a three-year term as Treasurer of Johnston Dollars for Scholars and most recently volunteering as a member of the committee studying the feasibility of Johnston having two high schools in the future. For more information about me and my campaign, please visit <https://sites.google.com/site/dockumforschoolboard/> or my Facebook page Dockum for School Board.

I believe we need a new attitude on our school board and I am ready to serve in a positive, professional manner that will make our community proud. We have great schools, excellent administrators and outstanding teachers who are doing amazing work with our students every day. As a board member, I would be an advocate for our district and help trumpet the exceptional work that is occurring in all of our schools.

While I am extremely proud of the Johnston schools, we must always be striving to improve. There are many pressing issues that need to be resolved, starting with a revised long-term strategic plan and a ten-year facility plan. But I believe the most important challenge facing our district is the need for continued improvement in academic achievement levels for all our students. We need to be innovative in our approaches, open to new

methods of instruction and willing to engage all district stakeholders in the process. In short, I am running for the school board because I care about all the children in our district and I want the educational experience they receive in the Johnston Schools to prepare them in exceptional fashion for a bright future.

Please remember to vote on Tuesday, September 13 and encourage all of your friends and neighbors to do the same. I would greatly appreciate your support on that day.

Thank you!
Greg Dockum

Subject: Kick-Off and another Question

Hi Joan-

I'll be briefly fulfilling my duties as Synergy Rep on Sunday, but Greg can help check out Encore Cards at 4:00. We both can help check-in the cards starting at 5:45 and do whatever you desire in between! Are you getting many volunteers for the desserts and supplies? I'm doing at Synergy dinner Saturday night (at the Wiley's) so I hope to survive that, but will whip up something if you still need items!

My second thing is that Greg ran out of time tonight to call you (without being rudely late). There will be a letter to the editor in the Friday Register from Jackie Heiser endorsing Jim Goersche, Tracey Orman and Lisa Larson. There are some parents putting together another letter of support for the other four - Greg, Deb Henry, Mike Farrell and Jill Morrill. Are there any active and vocal Beaver Creek parents you can think of that might be willing to add their name? If so let me know.

Thanks!

Mary Ellen

Becky

I'm not sure if you saw the letter Jackie Heiser put in the paper supporting Tracy, Jim and Lisa. We want to come back with a parent letter signed by multiple sets of parents supporting Jill, Mike, Greg and me. I'm not saying you have to support all 4, I'm just hoping you can help me find some parents who do support the 4 of us. We want as many parents with elementary age kids as we can find to counter the complaint from Jackie's letter that our kids are all older. I guess it doesn't matter that our kids were little and we've lived through that and more.

Any help you can give us would be great. There really is a difference between the two groups.

Thank you so much!

Jill,

Pricing is dependent on size of the ad and we would need to get to work on one promptly (the paper prints on Monday). Here are a couple of sizes for reference: 4 1/6" x 3": \$102; 4 1/6" x 5": \$160; 6 1/3" x 3 1/2": \$168; quarter page: \$320. Lots of other sizes/prices.

Let me know what I can be working on for you.

Thanks!

Missie,

Becky Heikes said you might be interested in adding your name to a list of parents who are supporting Mike Ferrell, Jill Morrell, Greg Dockum and me for school board. Here is the text of the letter that will be in the Johnston Register

On Tuesday, September 13th, Johnston school district voters will have the opportunity to choose four well-qualified school board members. We, the undersigned Johnston school district parents, know that many important decisions will be made during the four years that these school board members serve. Regardless of whether or not we build a second high school or where we place our sixth elementary school, we need to ensure that the opinions of the parents in our district are heard and considered by whoever is elected to the board.

Our district also needs board members that will continue to facilitate a district environment that attracts and retains high-quality teachers. If we don't, we risk slipping from our ranking as one of the best districts in the state. We cannot settle to simply be "average". As parents, we demand excellence.

The four school board candidates we believe will do the best job in ensuring parent concerns are heard, that our school district continues to attract top teaching talent,

and that we as a district don't slip to simply being average are Greg Dockum, Mike Farrell, Deb Henry, and Jill Morrill. Please consider supporting these four candidates and let's have a record turnout on Tuesday, September 13th..

If you are interested in having your name included, just let me know. We are trying to include parents' names as well as the school(s) their children attend. Thank you for considering this, but don't feel any pressure. Also, thanks for your support. I do appreciate it.

Deb Henry

Realizing you are all as busy as I am, I want you to be aware of *how easy it is to vote absentee*. I have attached the official absentee ballot request form. If you fill that out and mail it to the address provided, your ballot will come right to your house. You can fill it out and return it at your convenience. It's that simple.

Important notes: The ballot requests must be received no later than the Friday, September 9. The actual ballots themselves must be postmarked no later than the Monday, September 12.

Of course, the regular election is Tuesday September 13 if you prefer to vote in person.

Look for campaign news in today's Des Moines Register. Links to the articles are on my Facebook and web pages.

Subject: ELECT GREG DOCKUM TO SCHOOL BOARD Sept. 13

Greetings-

The school board election is now less than three weeks away. Every vote matters and it is extremely important that we get as many people as possible to the polls on Tuesday, Sept. 13. Let's make our voices heard loud and clear throughout the district that day!

For those who don't know me, I have lived in the Johnston school district for the past 22 years with my wife, Mary Ellen, and our three children, all of whom attended Johnston schools since kindergarten. Kari graduated in 2008 and is currently a senior at Iowa State, Chris graduated last year and is a freshman at the University of Iowa and Abby is a sophomore at the high school. I am a graduate of Hoover High School and Drake University with a degree in accounting and an MBA, and I am currently vice president at West Bank, responsible for budgeting, financial analysis and long-term strategic planning. I have been actively involved in many school organizations and activities over the years, including serving a three-year term as treasurer of Johnston Dollars for Scholars and most recently volunteering as a member of the committee studying the feasibility of Johnston having two high schools in the future. For more information about me and my campaign, please visit the [Dockum for School Board](#) site or my Facebook page, [Dockum for School Board](#).

I believe we need a new attitude on our school board, and I am ready to serve in a positive, professional manner that will make our community proud. We have great schools, excellent administrators and outstanding teachers who are doing amazing work with our students every day. As a board member, I would be an advocate for our district and help trumpet the exceptional work that is occurring in all of our schools.

While I am extremely proud of the Johnston schools, we must always be striving to improve. There are many pressing issues that need to be resolved, starting with a revised long-term strategic plan and a 10-year facility plan. But I believe the most important challenge facing our district is the need for continued improvement in academic achievement levels for all our students. We need to be innovative in our approaches, open to new methods of instruction and willing to engage all district stakeholders in the process. In short, I am running for the school board because I care about all the children in our district and I want the educational experience they receive in the Johnston Schools to prepare them in exceptional fashion for a bright future.

Please remember to vote for Greg Dockum on Tuesday, Sept. 13 and encourage all of your friends and neighbors to do the same. I would greatly appreciate your support on that day.

Thank you!
Greg Dockum

Feel free to forward this e-mail to any and all people who have an interest in the Johnston School District.

Hi Missie and Steve - Thank you for your kind e-mail and your offer of support for my campaign. We will bring a sign out to you sometime this weekend. You probably don't have to bring it in every night, but since it seems that Friday and Saturday have been the most popular nights for the signs to disappear you might protect it on those nights for the next couple of weeks. I'll stop in and say hello if you are home when we deliver the sign.

Thanks again, and have a great weekend!

Greg

We are putting a letter to the editor in the Johnston Register next week to kind of counter the one that Jackie Heiser wrote. It will be from as many parents as we can round up that support Mike, Jill, Greg and me. Scott and I thought you might be interested in adding your name to the supporters. No pressure. Just let me know if that is something you'd be willing to do. It seems to have become the three of them against the 4 of us. Here is the letter:

On Tuesday, September 13th, Johnston school district voters will have the opportunity to choose four well-qualified school board members. We, the undersigned Johnston school district parents, know that many important decisions will be made during the four years that these school board members serve. Regardless of whether or not we build a second high school or where we place our sixth elementary school, we need to ensure that the opinions of the parents in our district are heard and considered by whoever is elected to the board.

Our district also needs board members that will continue to facilitate a district environment that attracts and retains high-quality teachers. If we don't, we risk slipping from our ranking as one of the best districts in the state. We cannot settle to simply be "average". As parents, we demand excellence.

The four school board candidates we believe will do the best job in ensuring parent concerns are heard, that our school district continues to attract top teaching talent, and that we as a district don't slip to simply being average are Greg Dockum, Mike Farrell, Deb Henry, and Jill Morrill. Please consider supporting these four candidates and let's have a record turnout on Tuesday, September 13th.

Becky

I'm not sure if you saw the letter Jackie Heiser put in the paper supporting Traey, Jim and Lisa. We want to come back with a parent letter signed by multiple sets of parents supporting Jill, Mike, Greg and me. I'm not saying you have to support all 4. I'm just hoping you can help me find some parents who do support the 4 of us. We want as many parents with elementary age kids as we can find to counter the complaint from Jackie's letter that our kids are all older. I guess it doesn't matter that our kids were little and we've lived through that and more.

Any help you can give us would be great. There really is a difference between the two groups.

Thank you so much!

Deb

Would you be interested in putting up all 4 signs? There are a quite a few Gorsche and Larson signs out that way and the 4 other signs would be a good sight.

Subject: School Board Letter to the Editor

Missie,

Becky Heikes said you might be interested in adding your name to a list of parents who are supporting Mike Ferrell, Jill Morrell, Greg Dockum and me for school board. Here is the text of the letter that will be in the Johnston Register

On Tuesday, September 13th, Johnston school district voters will have the opportunity to choose four well-qualified school board members. We, the undersigned Johnston school district parents, know that many important decisions will be made during the four years that these school board members serve. Regardless of whether or not we build a second high school or where we place our sixth elementary school, we need to ensure that the opinions of the parents in our district are heard and considered by whoever is elected to the board.

Our district also needs board members that will continue to facilitate a district environment that attracts and retains high-quality teachers. If we don't, we risk slipping from our ranking as one of the best districts in the state. We cannot settle to simply be "average". As parents, we demand excellence.

The four school board candidates we believe will do the best job in ensuring parent concerns are heard, that our school district continues to attract top teaching talent, and that we as a district don't slip to simply being average are Greg Dockum, Mike Farrell, Deb Henry, and Jill Morrill. Please consider supporting these four candidates and let's have a record turnout on Tuesday, September 13th.

If you are interested in having your name included, just let me know. We are trying to include parents' names as well as the school(s) their children attend. Thank you for considering this, but don't feel any pressure. Also, thanks for your support. I do appreciate it.

Deb Henry

We are putting a letter to the editor in the Johnston Register next week to kind of counter the one that Jackie Heiser wrote. It will be from as many parents as we can round up that support Mike, Jill, Greg and me. Scott and I thought you might be interested in adding your name to the supporters. No pressure. Just let me know if that is something you'd be willing to do. It seems to have become the three of them against the 4 of us. Here is the letter:

Subject: Johnston School Board Election

Good morning to all.

As you may know, I am finishing my four year term as a member of the Johnston School Board and am on the ballot running for a 2nd term. I clearly stated four years ago that I had no personal agendas to push and I lived up to that promise. If I have any agenda at all, it would be that a high quality education needs to be made available to all of our kids regardless of their learning abilities or their socio-economic background. No one child is more important than the other and we need to continue to challenge all students to help them maximize their learning potential.

There are seven candidates running for four seats this year.. I am supporting Jill Morrill, Deb Henry and Greg Dockum in hope that the four of us are elected on September 13th. I have chosen to support these three candidates based on their values to support all students and their values on education. No hidden personal agenda's, just the desire to help our kids develop the tools they will need to be successful in all aspects of their lives.

Below is a copy of a letter that a group in the community will be submitting to the Des Moines Register and we are looking for your support. If you feel that the four of us named above would be good representation of our district and our children's education, I would appreciate your consideration of allowing me to use your name and what schools you represent as parents. JHS, JMS, SMS, Elementary.

We would like to submit this letter Sunday evening and again I appreciate your support on short notice! If you are ok with your name being included as an attachment to this letter, please just send me a quick email giving me permission. Also, if you know of others that would offer support, please forward this on and just ask them to please respond directly to me at farrell3n2@msn.com

Please encourage your friends and neighbors to vote on Tuesday September 13th!

Thank you!

Mike Farrell

On Tuesday, September 13th, Johnston school district voters will have the opportunity to choose four well-qualified school board members. We, the undersigned Johnston school district parents, know that many important decisions will be made during the four years that these school board members serve. Regardless of whether or not we build a second high school or where we place our sixth elementary school, we need to ensure that the opinions of the parents in our district are heard and considered by whoever is elected to the board.

Our district also needs board members that will continue to facilitate a district environment that attracts and retains high-quality teachers.. If we don't, we risk slipping from our ranking as one of the best districts in the state. We cannot settle to simply be "average". As parents, we demand excellence.

The four school board candidates we believe will do the best job in ensuring parent concerns are heard, that our school district continues to attract top teaching talent, and that we as a district don't slip to simply being average are Greg Dockum, Mike Farrell, Deb Henry, and Jill Morrill. Please consider supporting these four candidates and let's have a record turnout on Tuesday, September 13th.

All,

I'm forwarding this on to you, because I feel the next School Board election is an important one. These are the four candidates I will be supporting. I would encourage you to support them as well. A letter will be sent to the Register, and I'm asking that if you support these 4 names, then please allow Mike Farrell to include your name and the school you represent (i.e. where you're kids go to school), as stated in the email below. You can send your reply directly to farrell3n2@msn.com.

Whether we agree on who should be elected or not, I would encourage you to get out and vote on September 13th. There are major decisions to be made with regards to the direction of our school district, and I feel this group of candidates will not only listen to your input, but make the best decision on what's important for our students, staff, and community. Moving forward, we need a board that will not push personal agendas, but rather listen to the issues and input of our teachers, students, support staff, and parents, and make sound decisions that will help our growing district continue to be the best school district in the state. Again, I feel these four candidates will do just that.

Thank you,
 Eric Peterson

Subject: Johnston School Board Election

Good morning to all.

As you may know, I am finishing my four year term as a member of the Johnston School Board and am on the ballot running for a 2nd term. I clearly stated four years ago that I had no personal agendas to push and I lived up to that

promise. If I have any agenda at all, it would be that a high quality education needs to be made available to all of our kids regardless of their learning abilities or their socio-economic background. No one child is more important than the other and we need to continue to challenge all students to help them maximize their learning potential.

There are seven candidates running for four seats this year. I am supporting Jill Morrill, Deb Henry and Greg Dockum in hope that the four of us are elected on September 13th. I have chosen to support these three candidates based on their values to support all students and their values on education. No hidden personal agenda's, just the desire to help our kids develop the tools they will need to be successful in all aspects of their lives.

Below is a copy of a letter that a group in the community will be submitting to the Des Moines Register and we are looking for your support. If you feel that the four of us named above would be good representation of our district and our children's education, I would appreciate your consideration of allowing me to use your name and what schools you represent as parents. JHS, JMS, SMS, Elementary.

We would like to submit this letter Sunday evening and again I appreciate your support on short notice! If you are ok with your name being included as an attachment to this letter, please just send me a quick email giving me permission. Also, if you know of others that would offer support, please forward this on and just ask them to please respond directly to me at farrell3n2@msn.com

Please encourage your friends and neighbors to vote on Tuesday September 13th!

Thank you!

Mike Farrell

On Tuesday, September 13th, Johnston school district voters will have the opportunity to choose four well-qualified school board members. We, the undersigned Johnston school district parents, know that many important decisions will be made during the four years that these school board members serve. Regardless of whether or not we build a second high school or where we place our sixth elementary school, we need to ensure that the opinions of the parents in our district are heard and considered by whoever is elected to the board.

Our district also needs board members that will continue to facilitate a district environment that attracts and retains high-quality teachers. If we don't, we risk slipping from our ranking as one of the best districts in the state. We cannot settle to simply be "average". As parents, we demand excellence.

The four school board candidates we believe will do the best job in ensuring parent concerns are heard, that our school district continues to attract top teaching talent, and that we as a district don't slip to simply being average are Greg Dockum, Mike Farrell, Deb Henry, and Jill Morrill. Please consider supporting these four candidates and let's have a record turnout on Tuesday, September 13th.

Hi Becky

Tomorrow is the big day. We has been made aware that Jim, Lisa and Tracy are sending out blanket emails, especially to people with elementary school children trying to get those individuals to vote for them. That can be expected. It would be great if you could send out emails to friends of yours saying you are supporting Greg, Jill, Mike and me. Maybe we can get to some of the same people and at least make them think. Thanks you so much for your support throughout this election. It means a lot to me.

Thanks again!

I would first like to apologize as I know you have probably been bombarded with email coming into tomorrow's election. Please remember that the polls are open tomorrow, Tuesday September 13th from 7am - 8pm so I ask that you please take a few minutes from your busy day to exercise your right to vote.

While I'm asking for your support in tomorrow's election, I'm also asking you to consider joining me in supporting Jill Morrill, Deb Henry and Greg Dockum. In having an opportunity to hear the opinions of all candidates, I feel that Jill, Deb and Greg truly have the best interest of **all** students at heart and as I do, believe that we need to continue to challenge all students regardless of their abilities. I also believe they will join me in continuing to represent your best interest as tax payers.

Again, I thank you for all of your past support and hope you'll join me tomorrow in voting for Farrell, Morrill, Henry and Dockum. As we found in the last election, every vote counts and we need all of you at the polls tomorrow to ensure that the reputation and excellence of our district continues under the direction of continued professional leadership.

I have attached a flyer with information of the individual candidates as well as polling places. Please feel free to pass this on to your friends and neighbors and encourage them to get out the vote.

Thank you again!

Mike Farrell

Hi Sara-

I don't have information readily available but I would be happy to share my opinion with you. :)

In my opinion, Mike Farrell, Jill Morrill, Deb Henry, and Greg Dockum would be the best leaders for our district. A couple of the people on the board are on it to promote their own agendas. I feel that these candidates don't have any personal agendas and are running to make decisions in the best interest of our students and district. The other two candidates that are running (Lisa Larson & Jim Gorsche) have been recruited to run by the members of the board who have agendas. Tracy Orman is our current president and she is also running for reelection. She did a good job but I feel the others will do a better job as I feel she has let some things slide during board meetings that needed to be addressed. Again, this is my own personal opinion but I can tell you that at Horizon, these four candidates have overwhelming consensus among the staff. Thanks for inquiring about my opinion. If you have any other questions, please let me know! Hopefully this information isn't too late!

Thanks!

Hello parents-

This is just a friendly reminder that the school board elections are today. Please make sure you go and vote today if possible. The poles are already open and are open until 8:00pm!

Have a great day!

Subject: Johnston School Board Election - TODAY! Please vote!

Hi All,

Just wanted to shoot you a quick note to remind you about our school board election today. Polls are open 7am-8pm and polling places can be found on the attached flyer.

As you may know, our district has faced multiple challenges over the past couple of years due to certain individuals who would rather focus on attacking our teachers and administrators instead of focusing on student achievement and what we have already achieved as a district. Tomorrow's election will prove pivotal in determining the path our district takes in the future as a majority of the board (four seats) are up for election.

The four candidates we are choosing to support this year are Greg Dockum, Mike Farrell, Deb Henry, and Jill Morrill. Mike & Jill are currently on the board and have always had the best interests of all students in mind. Greg & Deb have been doing what other candidates haven't, and have been regularly attending board meetings to get a working knowledge of the issues our district faces so that, if elected, they can jump right in and get to work.

We hope you and your family will consider joining us in supporting these four quality candidates and make it out to vote tomorrow. Also attached is a flyer with information on all the candidates and some letters to the editor by district parents, students, and other supporters that explains why they are choosing to support these four candidates this year.

Bob Culbert & Lynne Paulsen

Agree and recommend the same 4. Please go vote today - this is very important election.

Everyone needs to determine in their own minds who are the best candidates. For example, I understand Henry and Morrill are very liberal in ideology and I personally won't vote for them. That said agree we should vote.

Well I obviously started something here I shouldn't have. But...I surely could have gone ahead and said why I would NOT vote for the other 3 but won't. I apologize. Go vote and vote for what you know about the candidates from what you have read and researched not on what myself, jerry, brian, or bob have said. Geesh.

Subject: Payroll Adjustment on Checks
Fellow JEA Members,

Some of you also had questions for us regarding the additional few cents each of you received on your paychecks Friday. I emailed Bev Lyons about this and her response is below.

Thanks,

Brad

Subject: RE: Wire Transfer Charges

The 5-15 cent thing on August payroll is the adjustment for the past year's payroll to even things out so they are paid to the penny for their contract. (if someone's contract was \$20,000 divided by 12 mos = \$1666.67/mo. $\$1666.67 \times 12 = \$20,000.04$ for the year, so they would see a deduct on the August check of 4 cents.) You can guess my opinion of doing this but.....BTW – this was missed last year so that might be why we are getting a lot of questions on it this time. Our old accounting software automatically adjusted the August payment to correct for this, but IFAS doesn't. Let me know if more questions. thanks!!!

Subject: Wire Transfer Charges

Bev,

Due to the unique nature of how employee paychecks were processed on Friday, many teachers have been charged a \$20.00 wire transfer fee by their banks over this weekend. Many members were also assessed a sales tax charge by their banks as well in the neighborhood of \$1.50-\$2.00 for this wire transfer.

Many JEA members and I'm sure many non-members as well want to know how the district is planning on refunding this money to employees. Please share this information with JEA and the rest of the staff as soon as it is available.

Also, many teachers had a small 5-15 cent credit on their salaries this month. Can you share the story with that? More than one teacher at the high school asked me if there was some kind of error with that on their pay stubs.

Thanks for all your hard work,

Brad Hurst
JEA Co-President

Subject: Press Release Form

Hope all is well. Do either of you have a press release example that the district uses that JEA could modify? We would like to use and modify for JEA for consistency purposes. Thanks!

Subject: Re: JEA Website Email

Hi Carson. Thanks for taking my slack with the website. I'm back and ready for business! Do you have a recent copy of members? I tried approving people on the site, but I wanted to verify that those requesting access were actually members. Other than tinker with things, is there anything you would like me to do with the website ASAP? Just let me know!
 Hillary

Just want to say that I am really glad that our dues are not coming out until next month.....verification process may have been a little edgy with everything else that is going on. Kind of crazy Just checked my account and still not there Bev was going to look into it though so that is really great that she is so on top of it.

Gotta love technology!!

To: *All Staff <AllStaff@johnston.k12.ia.us>
Subject: direct deposit for school year employees

Our bank was able to send out all wires on Friday; unfortunately, by the time some of the wires were sent, some banks had quit pulling wires in (one bank stopped pulling wires in at 2:00 p.m.). Those wires that didn't make it on Friday will be pulled into your accounts this morning

- again, depends on what time your bank starts pulling wires into accounts.

Some banks charge fees to pull wires, if you were charged a fee for the wire or had NSF fees charged to your account, get me a copy of your bank statement/screen shot showing the charges, and we will reimburse you for the charges. Please "black-out" your account number or any other personal information before you send it over to me.

Thanks to all of you for the understanding calls/emails on this "payroll nightmare". Can't tell you how much your patience and understanding has helped! Please be assured this was a one-time problem and next month's direct deposit will be just fine. If something still doesn't look quite right on your account, please get a hold of me ASAP and we will get it figured out.

Now that we have things going strong, at least seems like we do, I think we should lay low for a while and see how these things start to play out in general. We have a lot of things moving in the right direction for us. Just a thought, totally open for discussion on it.

I am planning on going through the membership list and breaking down by buildings which members are not on site yet so our building reps can visit with them. Good member PR thing for us.

This is great. I wanted to attend the forum, but I was preparing for my son's birthday party.

I will forward this press release to the local newspapers.

In the future, please include me when you send the press release to district staff. Thanks!

Hi Carson and Brad,

I just heard your voicemail. I believe that on Monday I forwarded this info to the local print publications like The Bull's Eye, Johnston Register and Johnston Living magazine.

I saw that it was already published in the Johnston Register online. You can see it at the link below.

Thanks,
Dawn

Hi Carson,

When I was preparing the email to send to all staff I thought that the PDF version wouldn't keep the original elements when I did a copy and paste into my email, but it turned out that it worked. I have successfully copied and pasted from a Word document to an email, so that's why I was asking for it.

Thanks.

Subject: Re: JEA Site and Members

You might want to mention to them the list of things members can view on the site and the benefit of registering for the site to view this content and to share this with non-registered JEA Members.

Please sign up to use the JEA website. This will be used to communicate important information to you through the association.

Here is the link. Remember you have to be approved to become a member of this group so when you sign up you will not get access until Carson approves you as a member. That may take a day or two.

<http://www.johnstoneducationassociation.com/>

I will be sending out reminders again in a couple of weeks to people that have not signed up yet.

Thanks you,

L

Subject: Yellow Forms

Hi everyone! This is just a reminder to put those yellow membership summary forms in my mailbox by the end of the day if there is any information that needs to be changed. Also, if you haven't signed up yet for the JEA website, please do. The url is <http://www.johnstoneducationassociation.com>. You will need to sign up using a non-school email address, and your approval won't be automatic (we have to go through and make sure those signing up are actually JEA members). Let me know if you have any questions. Have a great weekend!

Hillary

Subject: RE: School Board election

Thanks for the information.

Melissa, attached are the questions that we received at the forum. Brad and I have asked for the additional questions and information to be submitted to us but we have not received anything as of today.

Melissa, please feel free to call if you wish. As Peri said, JEA has chosen not to endorse a particular candidate but encourage our members to have conversations throughout the community if and when the opportunity presents itself. In addition, we have submitted a press release to all media outlets and staff on how to access our website, www.johnstoneducationassociation.com. Thanks.

Good afternoon! You may be getting a call from Melissa Peterson – one of the ISEA Lobbyists. She wanted to know who JEA has endorsed for the school board. I told her that JEA had endorsed no one, but had taped the forums and opened them to the public. She has had calls from other labor groups wanting to know whom to tell their members in Johnston to vote for. I gave her your cell phone number. You might, if you want, give her access to the answers the candidates gave to the JEA questions.

Thanks,

Attach: JCSD Harassment Policy.pdf; Info from 2010-11 School Board Member Handbook.pdf
Subject: Info for SB issue

Good afternoon! I hope the rumor mill has slowed in Johnston. I have emailed Brad Hudson, one of the ISEA lobbyists, about the situation, but do not have a response yet. I got on-line and found the two attached documents. The first is from the district's board policies. I marked some key words in the harassment policy and code of ethics. The second is from the IASB site for school board members with a suggested code of ethics. The info here may be helpful if you do decide to write and/or read something.

I'll let you know when I hear from Mr. Hudson.

Subject: Thoughts from Brad Hudson

Brad just called. Now he and I do not know the whole story; you both talked with the teacher. Brad is reading between the lines and wonders if the school board member knows the teacher at Horizon – are they neighbors? Why would a perfect stranger accost someone in their yard? He thinks the best way to deal with this is for the teacher to ask the school board member for an apology. If she is uncomfortable doing that, he suggested one of you writing the school board member a letter asking for an apology. Since the school board member is not up for re-election, he did not feel it would do any good to blow things up at a school board meeting. As for the press release, I don't know if releasing it would raise more questions than give answers. You two and Hillary could really be inundated with questions if this is released. Is the teacher ok with a press release? One of the first rules when dealing with a member is to find out what he/she wants. What does this teacher want? Does she want an apology, a pound of flesh, public humiliation or just she just want to keep quiet and let things die down? The answer to that

question may help you decide about the press release.

I will be in the office from 10:30 to 4 tomorrow if you want to call.

Please let me know what you decide to do.

Subject: Re: Question

I feel like we should release this as soon as possible. We just need to be ready to go with our PR approach with any follow up inquiries we get from releasing it. We may also want to make sure our Exec is on the same page with Carson and Hillary being the sole voice for comment from JEA on this one.

Subject: Thoughts from Brad Hudson

Brad just called. Now he and I do not know the whole story; you both talked with the teacher. Brad is reading between the lines and wonders if the school board member knows the teacher at Horizon – are they neighbors? Why would a perfect stranger accost someone in their yard? He thinks the best way to deal with this is for the teacher to ask the school board member for an apology. If she is uncomfortable doing that, he suggested one of you writing the school board member a letter asking for an apology. Since the school board member is not up for re-election, he did not feel it would do any good to blow things up at a school board meeting. As for the press release, I don't know if releasing it would raise more questions than give answers. You two and Hillary could really be inundated with questions if this is released. Is the teacher ok with a press release? One of the first rules when dealing with a member is to find out what he/she wants. What does this teacher want? Does she want an apology, a pound of flesh, public humiliation or just she just want to keep quiet and let things die down? The answer to that question may help you decide about the press release.

I will be in the office from 10:30 to 4 tomorrow if you want to call.

Please let me know what you decide to do.

Did you see the "Bull's Eye" paper (the Northwest Polk County's Newspaper) that Johnston, Grimes, Polk City get? The Aug. 31st addition had several articles about the school board election. It had an article on Lisa Larson, Jim Gorsche, Tracey Orman.....AND a letter to the editor from Dutcher in which he says that all the school board challengers will be stronger board members than the three incumbents seeking re-election.

I wasn't sure if you had seen it....or were curious about it on posting it on any information page. I have a hard copy of the article if you want to see it. Or, if you've seen it, then sorry for taking up your time! I had Jacobson in here reading it this morning! HA!

Danielle

I think that is a wise decision. I don't know about you both, but I will be glad when the election is over.

Thanks for the update,

Peri

Subject: Thoughts from Brad Hudson

Brad just called. Now he and I do not know the whole story; you both talked with the teacher. Brad is reading between the lines and wonders if the school board member knows the teacher at Horizon - are they neighbors? Why would a perfect stranger accost someone in their yard? He thinks the best way to deal with this is for the teacher to ask the school board member for an apology. If she is uncomfortable doing that, he suggested one of you writing the school board member a letter asking for an apology. Since the school board member is not up for re-election, he did not feel it would do any good to blow things up at a school board meeting. As for the press release, I don't know if releasing it would raise more questions than give answers. You two and Hillary could really be inundated with questions if this is released. Is the teacher ok with a press release? One of the first rules when dealing with a member is to find out what he/she wants. What does this teacher want? Does she want an apology, a pound of flesh, public humiliation or just she just want to keep quiet and let things die down? The answer to that question may help you decide about the press release.

I will be in the office from 10:30 to 4 tomorrow if you want to call.

Please let me know what you decide to do.

Thanks,

Subject: [Johnston Education Association (JEA)] New Doc: What John Dutcher Wrote in the comments section of t...

Brad A. Hurst Jr. posted in Johnston Education Association (JEA).

Brad A. Hurst Jr. created the doc: "What John Dutcher Wrote in the comments section of the article below:"

Since the Johnston Education Association and the administration are leaning hard on their members, faculty and staff to not blog (yes, we still are able to intercept some communications) and to keep as quiet about the race as possible (outside of their password-protected e-mail missives) ... I'll inject a little information and opinion into the discussion to fill the void and explain some things to the community at large.

The Teacher's Union (JEA) and the administration are strongly endorsing -- if not requiring -- faculty and staff to tow the line for a ticket they are endorsing comprised of two incumbents (Jill Morrill and Mike Farrell) and two challengers (Greg Dockum and Deb Henry). If you see a house with their signs lined up like firewood, chances are a teacher or district employee lives there, or some other beneficiary... of the district's financial largess. If you read the signatures of many of the letters' signatories, you'll find that nearly all of them are district employees (or their spouses).

Why is the union pushing the ticket it is? Since the union will not speak outside of its password protected Facebook fortress, and administrators do not want to appear as self-serving as they are, I'll go ahead and spill the beans: As with most union-related endorsements (even though this one is not "public") there are "strings attached" ... They are promising that "their slate" will put a student on the board (without even exploring the complexities of the Iowa Code this would entail). They are promising that their slate will protect administrator's \$12 per year (all you care to eat) family healthcare plan. They are promising that their slate can eliminate 100 percent bussing so that transportation would only be provided to those students who live outside the mandated two-mile zones required by Iowa Code. (This -- they argue -- frees up budget money to further fund a non-sustainable "Cadillac" healthcare plan for district employees, the increase costs of which last year alone eclipsed our entire annual transportation budget.) They understand that the board will soon be in receipt of the State Auditor's re-audit report of district finances (focused on individual and collectively bargained employment contracts) and will be faced with making policy and probably personnel changes as a result of its findings. Many of the initial findings filed in the request for re-audit outlined a dereliction of fiduciary oversight on the part of Jill Morrill and Mike Farrell. Oh heavens, the prospect of John Dutcher on the board asking questions for two more years is bad enough! The prospect of having some of those questions yield answers that confirmed the validity of his concern, as well as a sitting board member's right to ask questions -- that would be just too much for them to bear!

In full transparency, I have openly endorsed the slate of Lisa Larson, Deb Henry, Jim Gorsche and Greg Dockum for the four open board seats. Why? Because I understand the gravity of the decisions the next board will make, and understand that we need the smartest people we can elect to fill those seats -- people whose

motivation is public service, people who can look at our districts needs both from a student and parent's perspective, as well as that of a global perspective. Board members who don't want to see this district fall still further behind its neighbors, let alone global competition. Electing a slate of directors that included Mike Farrell and Jill Morrill would ensure that the entrenched district culture of administrative and teachers' union self-enrichment at the expense of curriculum and materials will continue with devastating consequences for our students and their achievement.

This next board must be engaged in "the Big work" of the district's future (facilities, an aspirational vision, bringing our secondary curriculum into the 21st century to better prepare our students for success in college or to give them real world job-ready vocational skill sets, setting new school boundaries, and making our elementary curriculum offerings superior to those of others parents may be choosing.) ... Not the petty small issues, head nodding and seat warming that have marked what little actual engagement Jill Morrill and Mike Farrell have had during their tenure on the board.

It would be my wish that voters turn their attention to examining the actual backgrounds, qualifications and skill sets the four challengers -- Dockum, Henry, Grorsche and Larson -- will bring to board service vs. those of the incumbents. I'll be the first to admit that the challengers qualifications are in many ways far superior to mine. But that is what we want in this district, right? A board that is continually refreshed and served by more and more talented set of directors. People who "want" to be on the board to be servant leaders rather than people who "need" (emotionally or for business contacts) to be on the board as union and administrative "rubber stampers."

Please do as taxpayers take a hard look at the incumbents records and consider if you have been well served through their efforts. Do brace yourself for a rather unflattering report from the State Auditor on the role the incumbents and their predecessors played in spawning a culture of self enrichment and of ceding board power to administration, whereby they pretty much write and approve their own contracts.

If I am at the "center of this race" I hope it is because I have continually spoken the truth -- sometimes a hard truth -- when it was not easy or popular to do so. And because I have represented my entire constituency (which of course includes taxpayers, parents and the students we serve, as well as our staff -- but in no particular order of importance.) Those who aim to shoot the messenger seldom kill the message. They just kick the can and the problems it contains down the road.

It is time to face the truth Johnston. You don't have to love the messenger, just consider the message and please -- for the sake of our students -- learn all you can and make an informed decision on Sept. 13. A good place to start if you haven't already is by coming to the Johnston Public Library tomorrow night (Large conference room) from 6-8 p.m. and asking your questions directly to all of the candidates. I'll be there, too, and I'm happy to provide anyone who wants to know, as much insight into the realities of this race as they have the stomach to hear.

Be aware, if this race is to be a "referendum" on me, I like my odds.

John Dutcher
